Help a Child Achieve their Dream

What is Kinetic Kids?

Kinetic Kids is a nonprofit organization whose mission is to provide unique experiences through physical and creative activities in a supportive environment to children with special needs who may otherwise be excluded.

Your Sponsorship Counts

Each year with the help of donors and volunteers, Kinetic Kids serves over 1,200 children with special needs like cerebral palsy, spina bifida, Down syndrome, autism, brain tumors, childhood cancers, and other neurological disorders.

Through the generous support of donors, San Antonio children with special needs can achieve their dreams of walking a balance beam, riding traditional bicycles, playing a guitar, and more. Your gift will make an impact on the lives of children with disabilities.

What Do Parents Say?

“What has Kinetic Kids done for our child and for our family? It gives our child a place to belong, a way to participate, a way to feel part of the group. It gives her the opportunity to put her disability aside for a bit and dance, tumble, cheer and laugh. It gives her the chance to be on a stage and perform. It gives her family the chance to celebrate her abilities. For a parent of a child with a disability, there is no greater gift.” –Peggy Neal

Sponsoring Kinetic Kids

A sponsorship from your company will help San Antonio children with disabilities to improve their health, fitness, and mobility. Your donation will provide scholarships and the purchase of t-shirts, materials, equipment and awards for your team for an entire season. Sponsorship funds not used for a specific team will be used for general program support. Your sponsorship allows Kinetic Kids to keep fees down, charging participants less than one-fourth of what it actually costs to run the classes. No child is turned away for inability to pay.
